## Professional Skill Sets

**Web Development:** Developed and maintained personal and professional websites using custom coded and CMS driven methods.

**Programming Skills & Languages:** HTML, CSS, PHP, Laravel, MySQL, JavaScript, jQuery, Cordova, and WordPress plugin development.

**Teaching & Mentoring:** Taught JavaScript and PHP to coworkers and other aspiring students. Continued development through ongoing mentoring and advising on projects.

**Team Management & Leadership Development:** Managed and led teams for school activities, non-profit organizations, and businesses. Developed leaders within teams with a strong focus on excellence, integrity and service.

## Project Highlights

*Public portfolio at <https://martyhimmel.me/portfolio>*

### Employee Evaluation System

Created a 360-degree employee evaluation system that integrates with a learning management system. Allows for automatic creation of individual development plans and assigning courses/content based on evaluation thresholds.

### API for ERP System

Developed a public API for an ERP system with the purpose of allowing integration with 3<sup>rd</sup> party systems.

### Admin Dashboard for Corporate Training

Designed an admin dashboard for reviewing corporate training requests, including automated notifications, review and enrollment procedures, and program analytics.
